Athletic Tape

Coach Tape by Actimove

Support and conformity help protect against sprains and injury. High tensile strength. Adheres securely, tears easily by hand. 100% cotton back cloth allows perspiration to escape. Smooth and consistent unwind. Treatment of all conditions which require limitation of movement, e.g. sprains, sports injuries

SKU: 5188: 1.5" x 15yds x 32 White

Medco 150 Pro Trainer Tape

Made of strong, latex-free, 100% bleached white cotton material, zinc oxide adhesive.

Easy and consistent unwind right to the core

Rolls measure 1.5" x 15 yds and sold in bulk sizes for teams and clinics

SKU: 317212: 1.5"x15 yds x100 Rolls

Mueller™ M Tape

White Zinc Oxide Trainers Tape: 100% cotton, zinc oxide bleached trainers' tape. Features high tensile strength, excellent tackiness, and conformability.

SKU: 130105: 1.5" x 15yds x 32 White

Jaybird Med-Pak Medical Tape

Compares to Zonas Medical Box Tape. Bleached white. Serrated edge cut. Small sizes. Latex Free

SKU 4025 1/2" x 10 Yards x 24/Box

SKU 4025/1 1" x 10 Yards x 12/Box

Cramer® 1050i Athletic Sport Tape:

Latex Free: Zinc Oxide Tape provides excellent tensile strength and superior conformability. 100% Cotton backcloth. Latex free adhesive. Sticks

Better, works longer. Easy hand-tear.

SKU: 281050: 1.5" x 15yds x 32 White

SKU: 1050IRL: 1.5" x 15yds x 1 White

Ovik Health POWERFLEX

Fabric-based cohesive tape/bandage that tears easily by hand and sticks to itself for quick wrapping and longer staying power. Won't stick to hair or skin. It eliminates the need for pre-wrap and adhesive spray. 23lbs tensile strength makes it strong. Sweat resistant and breathable.

SKU: 3720W: White: 2" x 6 yds. x 24/case

SKU: 3720WRL White Only 2" x 6 yds. x 1

SKU: 3730W: White: 3" x 6 yds. x 16/case

SKU: 3730WR White Only 3" x 6 yds. x 1

SKU: 3720B: Blue: 2" x 6 yds. x 24/case

SKU: 3720R: Red: 2" x 6 yds. x 24/case

SKU: 3720BK: Black: 2" x 6 yds. x 24/case

Ovik Health PowerTape®

Cohesive Tape which is used in combination with PowerFlex. Replaces traditional white cloth tape. Synthetic base will not stretch or absorb water. Long lasting stability. *(Special order)*

SKU:ACP130BK-1.5: Black 11/2" x15 yards. 32/case

Ovik Health PowerSpeed®

Cohesive wrap. 32 lbs. of tensile strength. Sweat and water resistant. Use for speed taping and a stronger spat.

SKU: PS372BK-016: White 23/4" x 6 yards. 16/case

Essity Lightplast® Pro

Hand-tear light elastic adhesive tape, suitable for light support or compression. The unique fabric backing helps to conform to body movement. Ideal for all-purpose taping including sprains & strains. Provides excellent adhesion, is air permeable while providing a light and close fit.

SKU 76954: White: 5cm (2") x 4.5m (5Yds) stretched x 24/case

SKU 76955: White: 7.5cm (3") x 4.5m (5Yds) stretched x 16/case

Essity Tensoplast®

A light elastic adhesive tape which is suitable for medium support or compression. Its adhesive properties are long lasting and provide firm, controlled support. Non-fray edges. Uses include: limitation of movement (sprains & strains), and correction of false position & posture. High adhesive properties provide strong compression and long-term support. The tape is water repellent and air permeable.

SKU:04412001: Tan: 5cm (2") x 4.5m (5 yds.) Stretched x 24/case

SKU:04413001: Tan: 7.5cm (3") x 4.5m (5 yds.) Stretched x16/case

Essity Leukotape™ P Sportstape

Rayon backing and rubber-based adhesive. High tensile strength. Aggressive adhesive qualities. Cover-Roll stretch bandage is used in conjunction with Leukotape

SKU:BSN7616800: 1 ½" x 15yds 1 Roll/Box

SKU:BSN7616800C: Case of 30 Boxes

D3 Rigid Strapping Tape

Made in New Zealand. Latex free, hypoallergenic. Suitable for taping ankles, knees, shoulders and elbows. Premium Rayon-Cotton for extreme strength with no stretch. Premium zinc -oxide adhesive. Serrated edges make it readily hand tearable.

1 1/2" x 15 yards/32 rolls per case

Essity Cover-Roll™ Stretch Non-Woven Bandage

Latex free. Hypoallergenic. Wide area compression dressing. Ideal for elbows to prevent turf burns, skin abrasions and areas applying the patella/femoral, or shoulder taping techniques. Cover-Roll is cut to size to secure virtually any dressing and offers convenience of single sheet taping. Can be used in conjunction with Leukotape P.

SKU:4555200: 2" x 10yds (5 cm x 9.2 m) 1 Roll/Box

SKU:4555200C: 2" x 10yds (5 cm x 9.2 m) 12 Rolls/Case

SKU:4555300: 4" x 10yds (10 cm x 9.2 m) 1 Roll/Box

SKU:4555300C: 4" x 10yds (10 cm x 9.2 m) 12 Rolls/Case

SKU:4555400: 6" x 10yds (15 cm x 9.2 m) 1 Roll/Box

Pre-Wrap

Cramer Pre-Wrap

Provide a protective barrier between skin and athletic tape. Use to secure pads, socks, and cold packs in place. Versatile enough to hold up sleeves, or create a knee strap or protect feet under boots and athletic footwear.

SKU: 214592: 2.75" x 30yds x 48 (Natural) (Case) - specify when ordering
SKU: 214592-1 (Roll) - specify when ordering

D3 Kinesiology Tape

Made In New Zealand. Revolutionary wave adhesive. High quality yet affordable elastic cotton –blend, latex free tape

Cramergesic Balm™

Mild warmth penetrating treatment of pain and stiffness from athletic injuries and minor arthritis. Relaxes tight, aching muscles. SKU: 034538 1LB Jar

Cramer Atomic Balm™

Medium warmth analgesic. Helps relieve minor pain of strains and sprains. Atomic Balm is effective for releasing any tight muscles and/or aching muscles.

SKU:015538

1LB Jar

Screamin' Menthol Toast

Uses a therapeutic level of 4.0% menthol, a naturally occurring substance derived from mint and peppermint plants. Menthol is one of nature's most effective natural pain relievers. Screamin' Menthol Toast uses a hybrid approach to pain relief combining a therapeutic level of menthol with a low level of capsaicin. Screamin' Menthol Toast tackles pain in three different ways simultaneously: creating a numbing effect at the cellular level, increasing blood flow to treated areas, and providing a cooling sensation. Screamin' Menthol Toast temporarily relieves minor body aches and pains due to muscle aches, joint pain, sprains and strains, minor arthritis pain and back pain.

SKU: MT-A / 5 oz. Tube

BioFreeze Professional

A cooling topical analgesic designed to provide pain relief for sore muscles and joints. Biofreeze Professional begins with the original Biofreeze formula, the #1 clinically recommended formula for pain relief, and optimizes key ingredients based on scientific research for a longer-lasting experience. Biofreeze Professional features an easier-to-apply, smoother application with faster absorption for relieving pain from back aches, muscle soreness, sprains, strains, and bruises. Biofreeze Pain Relief Gel is the ideal pain solutions alternative to other pain relievers because it is non-systemic, non-narcotic, and contains no NSAIDs (non-steroidal anti-inflammatory drugs), salicylates, or addictive substances. Available in: 32oz Pump Bottle, 16oz Pump Bottle, Gallon Pump

Biofreeze Menthol Pain Relieving Patches

Designed to provide up to 8 hours of long-lasting relief. The cooling menthol formula delivers penetrating pain relief for sore muscles, joints, simple backaches, arthritis, strains, bruises and sprains. These mess-free, individually wrapped, large patches are 5.5 in x 3.94 in (14 cm x 10 cm) and use flexible fabric for superior performance and comfort. Mess-free application.

Up to 8 hours of targeted relief
Active Ingredient: Menthol 5%

SKU:5829: Box of 5

Stopain®

Clinical: Created specifically for health care professionals. Stopain works on contact. Fast-acting formula delivers fast, temporary relief from minor muscle and joint aches and pains associated with simple backache, arthritis, strains, bruises, and sprains. Formulated with the proven pain-relieving benefits of menthol (10%), it also contains dimethyl sulfone (MSM) and glucosamine to support joint health and mobility. Sweat resistant. Non-Greasy, Paraben Free. Can be used with ultrasonic equipment and soft tissue mobilization tools. Great alternative to discounted Flexall. Available in P875-01 1-gallon Gel Pump Bottle

SKU:P875-16 16oz Gel Pump Bottle

Mueller®Massage Lotion

Greaseless emollient formula, softens and soothes as it disappears into the skin

SKU:130803 1 Gallon Pump

Skin Lube

Mueller Lubricating Ointment

Mueller Lubricating Ointment is a non-friction ointment that contains lanolin. Apply it to the skin to help reduce friction from equipment, pads, shoes, etc. Works well with heel & lace Pads.

SKU #29114

Econoline Memory Foam Blue Medium Density Kit

Ideal for versatile support with moderate cushioning, perfect for all-around use. Ideas for use include under athletic tape, inside gear, or in footwear insoles.

Kit contains 3 sheets: One - 12" x 10" x 1", One - 12" x 10" x 3/4" and One - 12" x 10" x 1/2".

SKU #29116

Econoline Memory Foam Green Firm Density Kit

Used for maximum support and long-lasting durability as it maintains shape under heavy pressure. Use for high-impact zones like shin guards, elbow pads, or structural padding.

Kit contains 3 sheets: One - 12" x 10" x 1", One - 12" x 10" x 3/4" and One - 12" x 10" x 1/2".

SKU #29136

Econoline Memory Foam Pink Soft Density Kit

Best when used for gentle cushioning, Hockey, and pressure relief. This option is temperature sensitive and firms slightly in cold for added support. Ideal for sensitive areas like ankles and wrists.

Kit contains 3 sheets: One - 12" x 10" x 1", One - 12" x 10" x 3/4" and One - 12" x 10" x 1/2".

SKU #29135

Wound Care

Splints, Slings and Triangular Bandages

The SAM® (Structural Aluminum Malleable) Splint

Contains all the properties of the many other splints that it replaces. It is constructed of .02 strips of soft aluminum with a polyvinyl coating. This metal presents no impediment to X-rays. When folded into a "structural bend" longitudinally, the splint becomes quite rigid and easily supports the leg, forearm, or humerus. It can also be contoured and crimped to stabilize the cervical spine. The coating on the SAM Splint does not stain, and the splint is reusable with proper cleaning. Can be applied to a variety of fracture locations. Easily trimmed. Easily stored.

SKU: SA SP 1121F (4 1/4" x 36" Charcoal Roll) ea.

Medicom Triangular Bandage

100% Cotton 40" x 40" x 56" (100cm x 100cm x 142cm) Packaged with 2 safety pins.

SKU:118-440-12 /12 Pack or SKU:118-440 ea.

Donjoy® Universal Sling

Contact closure adjustment on envelope accommodates most patients. Durable cotton/poly material, double D-rings, and contact closure shoulder strap for proper adjustment. One size fits most. Ideal for immobilization and support of the shoulder and elbow joints. Reusable.

SKU: 81-92070 /ea.

SpeedSplint™

Fast and easy-to-apply splint for temporary immobilization of the arm, leg or foot. Permits complete padding procedures for effective immobilization. Can be worn during x-ray procedures. Universal fit - fits adults and children. Compact, flat, easily stored and carried. Constructed from lightweight, high-visibility yellow plastic.

Dimensions (width x length x depth): 22.2x77.5x0.32 cm (8-3/4" x 30-1/2" x 1/8"); weight 150 g (0.32 lbs.)

Nutrition

Pure Core Whey Protein with TRNM™ (tablets)

Time Release Nitrogen Matrix (TRNM) scientifically engineered to supply your blood plasma with an abundance of critical amino acids known as the amino acid pool. The amino acids utilized in the matrix combine fast acting short chain branched chain amino acids (BCAA) with slower digesting polypeptides to provide a constant supply of nitrogen into the blood. TRNM ensures that your cells sustain a positive nitrogen balance during the critical hours after training by supplying your cells with improved intracellular amino acid retention and increase cell volumizing potential. 27g of protein/serving, 0 Trans or Saturated fat, 0 sugar, 1g of carbs, aspartame free.

Hydration Systems

CRAMER® ThermFlo Max Hydration Unit

Provides safe, portable hydration on the field. The ThermoFlo Max Hydration Unit supplies an unlimited water supply and was designed to be lighter than traditional battery-powered units for easier transportation. This pressure-driven unit hooks up to an outside water supply and uses copper coils to provide continuous flow of chilled water. Features a 120-quart cooler, dual 30-foot copper coils, and 6 drinking stations with self-retracting hoses. All connections are designed for longevity and dependability, and all components are made with FDA-approved materials for safety and drinkability.

SKU: 027200 **Call for quote and availability.**
905-269-8206

CRAMER® Powerflo 50

Providing safe, portable on the field hydration. The PowerFlo 50 does that with a 50-gallon capacity tank running off a rechargeable battery powered pump. Best for large teams that need a lot of water in one central location. Features include: A semi-clear tank with a 50-gallon water capacity with rounded corners for easier cleaning and maintenance. High-quality fittings for longevity and dependability.

SKU: 028000 **Call for quote and availability.** 905-269-8206

Every component of the PowerFlo 50 that contacts the drinking water is made of an FDA approved material or is a water potable component. This commitment to safety extends to the components within the drinking nozzles which are custom manufactured out of an FDA approved material and built using internal components that meet the same standard. New lighter weight, more durable cabinets made from the same materials used in football helmets. New mounting tabs add a replaceable “break away” function so the cabinet itself will be less likely to be damaged if dropped or hit.

Six drinking stations feature self-retracting UVA/UVB resistant blue coiled hoses that are manufactured from an FDA approved material. Mounted on an External manifold provides easy access to hose attachments to facilitate easier cleaning and winterizing. New and improved rugged metal 4-wheel cart is custom built for our hydration units with extra reinforcement straps to ensure performance and then powder coated to provide increased durability. Tubeless tires which have also been fitted with an inner tube for unmatched dependability.

New bushing system replaces the old bearing style wheel. Provides greater strength, durability and corrosion resistance.

We can source and supply replacement parts for the Cramer Hydration units.

Braces and Supports

McDavid's SportMed™ products provide three levels of protection/support:

PRIMARY - Features sleeves and supports designed to deliver general purpose protection and support

- Minor pain, sprains and instabilities
- Arthritis, bursitis and tendonitis
- Includes features like adjustable straps for custom fit
- Promotes healing through the use of neoprene thermal therapy and/or breathable elastic

ADVANCED - Features wraps and supports designed to deliver minor to moderate protection and support

- Minor to moderate ligament instabilities or pain
- Includes features like straps, stays and buttresses for additional protection and support through compression.
- Neoprene promotes healing through therapeutic heat retention and soft tissue support.

MAXIMUM

- Features braces and guards designed to provide the ultimate protection and support
- Moderate to major instabilities and pain
- Includes features like hinges, splints, straps and stays for additional protection and support
- Neoprene promotes healing through therapeutic heat retention and soft tissue support through compression

Knee Brace Sizing**KNEE**

Measure the knee to be protected (you likely figured that). Stand and bend your leg just less than 45 degrees, measure around the largest part of knee, directly over the patella (kneecap)

**CHEST**

Stand and measure around the fullest part of your chest. Tape should be parallel with the floor. (No Super Hero chest puffing.)

Sully® Shoulder Stabilizer

Provides shoulder immobilization and controlled range of motion for anterior, multi-directional, inferior and posterior instabilities, rotator cuff deceleration, shoulder AC separations and muscle strains. The shoulder brace is designed to stabilize, assist or restrict movement of the shoulder post-injury and post-operatively. Pulls the humerus posteriorly as it restricts external rotation and abduction. Elastic straps attach with Velcro at any point, in any direction and with any amount of force. The smooth, controlled assistance or restraint follows the natural movement of the muscles and joints.

(When used, nonreturnable/refundable for hygienic reasons. Dry fit prior to use)
