## Laundry Management

### Laundry Loops

- Quick and easy way to manage laundry
- Reduces washer and dryer load volume associated with laundry bags
- Eliminates noise and machine wear and tear associated with laundry bag pins
- Significantly reduces drying time compared to laundry bag use
- Reduced dryer temperature to dry garments
- Standard length 20" holds \*6-8 garments and \*2- 3 pairs of socks
- \*(Varies with garment thickness)
- Custom lengths available at additional charge based on specification required
- Custom labels available at additional pass through cost (Minimum 500 pieces. Ask for quote)
- 8 available colours for easy identification and organization
- Used by athletes and officials participating in the 2010 Vancouver Winter Olympics, 2014 Sochi Winter Olympics and Paralympic Games.
- Used by athletes and on ice officials participating in the 2012 (Alberta) IIHF World JR. Championships, 2017 (Toronto-Montreal) IIHF World JR. Championships, 2019 (Vancouver-Victoria) IIHF World JR. Championships

### Minimum order: 12 loops

### Made in Canada

Recommend that Gitch Hitch be washed prior to initial use

## Athletic Tape

Johnson & Johnson Coach : The industry standard for premium quality white tape. Porous zinc oxide adhesive helps reduce skin irritation. Uniform unwinding properties.

5188: 1.5" x 15yds x 32

White

\$149.75 (Case)

Mueller™ M Tape White Zinc Oxide Trainers Tape: 100% cotton, zinc oxide bleached trainers' tape. Features high tensile strength, with excellent tackiness, and conformability.

130105: 1.5" x 15yds x 32 White \$112.50 (Case)

### Jaybird Med-Pak Medical Tape

Compares to Zonas Medical Box Tape. Bleached white. Serrated edge cut. Small sizes. Latex Free

4025 - 1/2" x 10 Yards 24/Box \$28.45

4025/1 1" x 10 Yards x 12/Box \$28.45

Cramer® 1050i Athletic Sport Tape: Latex Free: Zinc Oxide Tape provides excellent tensile strength and superior conformability. 100% Cotton

backcloth. Latex free adhesive. Sticks

Better, works longer. Easy hand-tear.

281050: 1.5" x 15yds x 32 White \$89.70 (Case)

Andover POWERFLEX®: Fabric-based cohesive tape/bandage that tears easily by hand and sticks to itself for quick wrapping and longer staying power. Won't stick to hair or skin. It eliminates the need for pre-wrap and adhesive spray. 23lbs tensile strength makes it strong. Sweat resistant and breathable.

3720W: White: 2" x 6 yds x 24/case \$67.25/Case

3730W: White: 3" x 6 yds x 16/case \$67.25/Case

3720B: Blue: 2" x 6 yds x 24/case \$67.25/Case

3720R: Red: 2" x 6 yds x 24/case \$67.25/Case

3720BK: Black: 2" x 6 yds x 24/case \$67.25/Case

AMDRitmed®: AMDRitmed and Sport Supply Co. have teamed up to offer a highly adaptable 2", "no slip" cohesive tape/bandage that tears easily by hand. Will stick to itself, but not skin or other materials. Medium, compression. Can also be used as grip tape.

**Economy value added case size: 36 rolls vs typically 24**

A2061-B: Blue: 2" x 5 yds x 36/case	\$59.75/Case
A2061-R: Red: 2" x 5 yds x 36/case	\$59.75/Case
A2061-A: Assorted Colours: 2" x 5 yds x 36/case	\$59.75/Case

Andover PowerTape®: Cohesive Tape which is used in combination with PowerFlex. Replaces traditional white cloth tape. Synthetic base won't stretch or absorb water. Long lasting stability.

ACP130BK-1.5: Black 1 1/2" x 15 yards. 32/case  
\$74.25/case

Andover PowerSpeed®: Cohesive wrap. 32 lbs. of tensile strength. Sweat and water resistant. Use for speed taping and a stronger spat.  
PS372BK-016: White 2 3/4" x 6yards. 16/case \$67.25/case.

BSN Lightplast® Pro: Hand-tear light elastic adhesive tape, suitable for light support or compression. The unique fabric backing helps to conform to body movement. Ideal for all-purpose taping including sprains & strains. Provides excellent adhesion, is air permeable while providing a light and close fit.

76954: White: 5cm (2") x 4.5m (5Yds) stretched x 24/case \$109.75/Case  
76955: White: 7.5cm (3") x 4.5m (5Yds) stretched x 16/case \$112.00/Case

BSN Tensoplast®: A light elastic adhesive tape which is suitable for medium support or compression. Its adhesive properties are long lasting and provide firm, controlled support. Non-fray edges. Uses include for limitation of movement (sprains & strains), and correction of false position & posture. High adhesive properties provide strong compression and long-term support. The tape is water repellent and air permeable.

04412001: Tan: 5cm (2") x 4.5m (5Yds) Stretched x 24/case \$112.00/Case

04413001: Tan: 7.5cm (3") x 4.5m (5Yds) Stretched x 16/case

\$112.00/Case

BSN Leukotape™ P Sportstape: Rayon backing and rubber-based adhesive. High tensile strength. Aggressive adhesive qualities. Cover-Roll stretch bandage is used in conjunction with Leukotape.

BSN7616800: 1 ½" x 15yds 1 Roll/Box \$11.75/Box

BSN7616800C: Case of 30 Boxes \$ 332.80/Case

BSN Cover-Roll™ Stretch Non-Woven Bandage: Latex free. Hypoallergenic. Wide area compression dressing. Ideal for elbows to prevent turf burns, skin abrasions and areas applying the patella/femoral, or shoulder taping techniques. Cover-Roll is cut to size to secure virtually any dressing and offers convenience of single sheet taping. Can be used in conjunction with Leukotape P.

## Topicals

Cramergesic Balm™ Mild warmth penetrating treatment of pain and stiffness from athletic injuries and minor arthritis. Relaxes tight, aching muscles.

034538

\$32.95/1LB Jar

Cramer Atomic Balm™ Medium warmth analgesic. Helps relieve minor pain of strains and sprains. Atomic Balm is effective for releasing any tight muscles and/or aching muscles.

015538

\$32.95/1LB Jar

Screamin' Menthol Toast: uses a therapeutic level of 4.0% menthol, a naturally occurring substance derived from mint and peppermint plants. Menthol is one of nature's most effective natural pain relievers. Screamin' Menthol Toast uses a hybrid approach to pain relief combining a therapeutic level of menthol with a low level of capsaicin. Screamin' Menthol Toast tackles pain in three different ways simultaneously: creating a numbing effect at the cellular level, increasing blood flow to treated areas and providing a cooling sensation. Screamin' Menthol Toast temporarily relieves minor body aches and pains due to: muscle aches, joint pain, sprains and strains, minor arthritis pain and back pain.

MT-A

\$30.50/ 5 oz Bottle

BioFreeze Professional : A cooling topical analgesic designed to provide pain relief for sore muscles and joints. Biofreeze Professional begins with the original Biofreeze formula, the #1 clinically recommended formula for pain relief, and optimizes key ingredients based on scientific research for a longer-lasting experience. Biofreeze Professional features an easier-to-apply, smoother application with faster absorption for relieving pain from back aches, muscle soreness, sprains, strains, and bruises. Biofreeze Pain Relief Gel is the ideal pain solutions alternative to other pain relievers because it is non-systemic, non-narcotic, and contains no NSAIDs (non-steroidal anti-inflammatory drugs), salicylates, or addictive substances.

32oz Pump Bottle

\$95.20 ea

Stopain®: Clinical's Created specifically for health care professionals. Stopain works on contact. Fast-acting formula delivers fast, temporary relief from minor muscle and joint aches and pains associated with simple backache, arthritis, strains, bruises, and sprains. Formulated with the proven pain-relieving benefits of menthol (10%), it also contains dimethylsulfone (MSM) and glucosamine to support joint health and mobility. Sweat resistant. Non Greasy, Paraben Free. Can be used with ultrasonic equipment and soft tissue mobilization tools

P875-01 1 gallon Gel Pump Bottle

\$176.25

P875-16 16oz Gel Pump Bottle

\$ 42.75

Bon Vital Muscle Therapy Massage : This moisture rich lotion infused with essential oils leaves a warm and soothing feeling on the skin. \$23.75/1LB Jar

## Inhalants

Ammonia Towelettes:

U124 Towelettes \$8.90/10/Box

## Foam and Padding

Cramer™ Low Density Foam Kit: High quality impact absorbing foam that is abrasion resistant with a soft surface ideal for blisters and wounds. Open-cell urethane foam. Four 1/4" x 6" x 12" sheets & Two 1/2" x 6" x 12" sheets

061794: \$36.95/6 Pack

Cramer™ High Density Foam Kit: Microcell closed-cell foam is highly energy absorbent for greater protection. Four, 6" x 12" by 1/4" thick sheets and two, 6" x 12" by 1/2" thick sheets.

061894 \$36.95/6 Pack

Cramer® Ortho Gel Kit: Ortho Gel™ padding can be used wherever maximum protection and comfort are needed. Use it for horseshoes for sprains, absorbent pads inside chin straps, donuts for hip pointers and A/C contusions and compression strips for shin splints. Ortho Gel™ padding can be chilled to provide effective cryotherapy and cushioning.

061935 (1/8" x 12" x 12" / 2 sheets per pack) \$62.55/Pk

## Wound Care

### Splints, Slings and Triangular Bandages

The SAM® (Structural Aluminum Malleable) Splint: contains all the properties of the many other splints that it replaces. It is constructed of .02 strips of soft aluminum with a polyvinyl coating. This metal presents no impediment to X-rays. When folded into a "structural bend" longitudinally the splint becomes quite rigid and easily supports the leg, forearm or humerus. It can also be contoured and crimped to stabilize the cervical spine. The coating on the SAM Splint does not stain and the splint is reusable with proper cleaning. Orange/Blue. Can be applied to a variety of fracture locations. Easily trimmed (to form finger splints). Easily stored (flat or rolled).

SA SP 1121F (4 1/4" x 36" Shipped Flat) \$21.50 ea.

Medicom Triangular Bandage: 100% Cotton 40" x 40" x56" (100cm x 100cm x142cm) Packaged with 2 safety pins.

118-440-12 \$13.80 /12 Pack

118-440 \$1.50 ea.

Donjoy® Universal Sling: Contact closure adjustment on envelope accommodates most patients. Durable cotton/poly material, double D-rings, and contact closure shoulder strap for proper adjustment. One size fits most. Ideal for immobilization and support of the shoulder and elbow joints. Reusable.

81-92070 \$19.50 ea.

SpeedSplint™: Fast and easy-to-apply splint for temporary immobilization of the arm, leg or foot. Permits complete padding procedures for effective immobilization. Can be worn during x-ray procedures. Universal fit - fits adults and children. Compact, flat, easily stored and carried. Constructed from lightweight, high-visibility yellow plastic.

Dimensions (width x length x depth):

22.2x77.5x0.32 cm (8-3/4" x 30-1/2" x 1/8"); weight 150 g (0.32 lbs.)

SpeedSplint Multi-Purpose: 9436-01 \$16.95 ea.

## Wound Sealing

Wound Seal Rapid Response: Instantly stops bleeding on larger wounds and minimizes the risk of infection by creating a microbial barrier to seal the wound. This convenient, single-use bottle includes the same unique, patented Wound Seal powder formula, but with five times more product to apply to larger wounds of multiple cuts and lacerations.

## Nutrition

PureCore Whey Protein with TRNM™ (tablets): Time Release Nitrogen Matrix (TRNM) scientifically engineered to supply your blood plasma with an abundance critical amino acids known as the amino acid pool. The amino acids utilized in the matrix combine fast acting short chain branched chain amino acids (BCAA) with slower digesting polypeptides to provide a constant supply of nitrogen into the blood. TRNM ensures that your cells sustain a positive nitrogen balance during the critical hours after training by supplying your cells with improved intracellular amino acid retention and increase cell volumizing potential. 27g of protein/serving, 0 Trans or Saturated fat, 0 sugar, 1g of carbs, aspartame free.

## Hydration Systems

CRAMER® Thermo max Hydration Unit: Provides safe, portable hydration on the field. The ThermoFlo Max Hydration Unit supplies an unlimited water supply and was designed to be lighter than traditional battery-powered units for easier transportation. This pressure-driven unit hooks up to an outside water supply and uses copper coils to provide continuous flow of chilled water. Features a 120-quart cooler, dual 30-foot copper coils, and 6 drinking stations with self-retracting hoses. All connections are designed for longevity and dependability, and all components are made with FDA-approved materials for safety and drinkability.

027200 Call for quote and availability. 905-269-8206

CRAMER® powerflo 50: Providing safe, portable on the field hydration. The PowerFlo 50 does that with a 50-gallon capacity tank running off a rechargeable battery powered pump. Best for large teams that need a lot of water in one central location. Features include: A semi-clear tank with a 50-gallon water capacity with rounded corners for easier cleaning and maintenance. High quality fittings for longevity and dependability.

028000      Call for quote and availability. 905-269-8206

Every component of the PowerFlo 50 that contacts the drinking water is made of an FDA approved material or is a water potable component. This commitment to safety extends to the components within the drinking nozzles which are custom manufactured out of an FDA approved material and built using internal components that meet the same standard. New lighter weight, more durable cabinets made from the same materials used in football helmets. New mounting tabs add a replaceable "break away" function so the cabinet itself

will be less likely to be damaged if dropped or hit.

Six drinking stations feature self-retracting UVA/UVB resistant blue coiled hoses that are manufactured from an FDA approved material. Mounted on an External manifold provides easy access to hose attachments to facilitate easier cleaning and winterizing.

New and improved rugged metal 4-wheel cart is custom built for our hydration units with extra reinforcement straps to ensure performance and then powder coated to

provide increased durability. Tubeless tires which have also been fitted with an inner tube for unmatched dependability.

New bushing system replace the old bearing style wheel. Provides greater strength durability and corrosion resistance.

We can source and supply replacement parts for the Cramer Hydration units.

## Braces and Supports

McDavid's SportMed™ products provide three levels of protection/support:

**PRIMARY** – Features sleeves and supports designed to deliver general purpose protection and support

- Minor pain, sprains and instabilities
- Arthritis, bursitis and tendonitis
- Includes features like adjustable straps for custom fit
- Promotes healing through the use of neoprene thermal therapy and/or breathable elastic

**ADVANCED** – Features wraps and supports designed to deliver minor to moderate protection and support

- Minor to moderate ligament instabilities or pain
- Includes features like straps, stays and buttresses for additional protection and support through compression. Neoprene promotes healing through therapeutic heat retention and soft-tissue support.

**MAXIMUM** – Features braces and guards designed to provide the ultimate protection and support

- Moderate to major instabilities and pain
- Includes features like hinges, splints, straps and stays for additional protection and support
- Neoprene promotes healing through therapeutic heat retention and soft-tissue support through compression

McDavid Knee Support with stays Level 2: Designed to help relieve symptoms of chondromalacia, patellar subluxation and tendonitis, while offering medial-lateral support and prevention of ligament injuries. Padded buttress supports the patella. Reinforced ligament support with spring steel stays. Top and bottom hook and loop closures ensure outstanding fit. Latex-free neoprene provides thermal/compression therapy. Outer heavy-duty nylon fabric for durability.

(When used, nonreturnable/refundable for hygienic reasons. Dry fit prior to use)

### McDavid Knee Brace Sizing

## KNEE

Measure the knee to be protected (you likely figured that). Stand and bend your leg just less than 45 degrees, measure around the largest part of knee, directly over the patella (kneecap)

We can source the full line up of McDavid braces and supports.

McDavid Ankle Brace Level 3 : / lace-up w/ stays: Play heavy, feel light. Designed to support the ankle in prevention and/or recovery of common ankle sprains. Spring steel medical stays for solid support. Built of breathable two-layer polyester/vinyl mesh. Ventilated tongue. Padded lining and reinforced closures. Built-in anatomical arch adds support and all-game comfort.

(When used, nonreturnable/refundable for hygienic reasons. Dry fit prior to use)

Colour: Black only. 199R (Fits left or right) \$59.95 ea.

#### CHEST

Stand and measure around the fullest part of your chest. Tape should be parallel with the floor. (No Super Hero chest puffing.)

Sully® Shoulder Stabilizer: Provides shoulder immobilization and controlled range of motion for anterior, multi-directional, inferior and posterior instabilities, rotator cuff deceleration, shoulder AC separations and muscle strains. The shoulder brace is designed to stabilize, assist or restrict movement of the shoulder post-injury and post operatively. Pulls the humerus posteriorly as it restricts external rotation and abduction. Elastic straps attach with Velcro at any point, in any direction and with any amount of force. The smooth, controlled assistance or restraint follows the natural movement of the muscles and joints.

(When used, nonreturnable/refundable for hygienic reasons. Dry fit prior to use)

Sully Shoulder Stabilizer \$320.00

#### Ordering Information

Measure bicep in non-flex position

Part Number	Chest	Biceps	Size

11-0525-5	46" - 51"	15" - 17"	X-Large

#### Groin and Hip Support

Cramer® Groin and Hip Spica: Durable neoprene wrap is 73" long from end to end, easy to apply, fits either right or left hip, designed to wrap groin strains, hip abductors, flexor strains and hip arthritis. Designed to wrap around the waist and upper thigh and proper fit depends on the dimensions of these body parts, and will generally fit individuals with waist sizes between 26 and 40 inches.

(When used, nonreturnable/refundable for hygienic reasons.)

279900 \$41.25 ea.

## Neck Collars

ProCare Patriot™ Collar: One-piece injection molded collar provides proper support and helps restrict cervical spine flexion, extension and rotation to promote patient recovery following trauma. Constructed with durable high-density polyethylene lined with a soft closed cell foam for maximum patient comfort. Both universal sizes have multiple heights to fit most adults. Oversized trachea opening provides quick access to carotid pulse monitoring and emergency tracheotomies. Stacks flat to preserve space and is x-ray, CT and MRI lucent. Latex free.

(When used, nonreturnable/refundable for hygienic reasons.)

Height Adjustment 1.75", 2.5", 3.0", 3.5" (Measurements from sternal notch to chin). Neck Circumference 11" - 23".

Adult 79-83131 \$31.15 ea.

## Training and Education

### Taktifol

Simply adhere to the surface you choose, smooth down, and you are ready! You can remove Taktifol without leaving a trace. The electrostatic charge does not leave any traces - adheres several times over. Whether it be on a wall, on a door, on a vehicle, on glass... adheres to most surfaces. There are virtually no limits with Taktifol.
